April 24, 2018

Dear Parents,

The nationally recognized after-school student enrichment provider, Right At School, is coming to Longwood Central School District! Starting this fall, Right At School will assume responsibility for before- and after-school programming at all of the District's elementary schools K-6.

When the school bell rings, working parents need to know their children are happy, healthy, safe, and engaged. Along with unsurpassed scheduling flexibility, outstanding customer service, and homework support that preserves essential family time, Right At School delivers on all fronts. Their dynamic curriculum disguises meaningful learning with hands-on fun. Through multi-sensory activities, child-driven projects, daily fitness, team building and leadership development, their programs are exceptional.

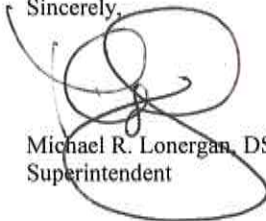

The Right Club program will be available every day school is in session, from the time the school bell rings until 6:30 PM. Parents can sign their students up for 1-5 days per week, based on the family's needs. Students will have a healthy snack, engage in dynamic fitness activities, and have the opportunity to complete their homework. The Right Club also features dynamic enrichment curriculum, in the form of two-week units. Examples of units include: Getting Down To Business, where students were introduced to money and commerce from around the world, learning through games and activities about the value of saving and the different consequences of spending; Icky Experiments, where students experimented with sticky substances that (enjoyably!) grossed them out, but also taught them the chemistry and processes beneath everyday substances; and Variety Show, where students rehearsed and performed their talent acts and community numbers to entertain each other and their parents. Students will have so much fun with the activities that they won't know that they are learning, which is the key to Right At School's disguised learning educational approach.

In addition to our current, fantastic before- and after-school educators and program, Longwood School District has identified the following additional Right At School benefits for our families: lower student to staff ratio (12:1), flexible scheduling, online registration & payment, customer service team, and community partnerships. To provide families safe, meaningful, and consistent care, Right At School, will also provide coverage during the school year's student holidays and throughout the summer for an additional cost!

A Parent Forum has been scheduled with Right At School on May 14, 2018, at 6:00 PM in the Middle School Activity Court. You may visit their website at www.rightatschool.com for more information on the program.

We look forward to seeing you on Monday evening!

Sincerely,

Michael R. Lonergan, DSW
Superintendent

Sincerely,

Vaughn Denton, Ed.D.
Assistant Superintendent for Pupil
Personnel & Community Services
